## Determine your ring size

First make sure you are printing this page to its actual scale.
In your printing dialog box uncheck "fit" and check "actual size" or "do not scale".
Once the page is printed double check by measuring against the 10 mm or 1 inch marks below.
$\longmapsto 10 \mathrm{~mm}$

## 1 inch

To determine the ring size of a finger for which you have a ring that fits well, place the ring above the circles below and match its inner circumference to the closest matching circle.
